IT SISTEMA BRICK EN BRICK SYSTEM

Valdesign presenta Brick. Il nuovo sistema di piani in appoggio a basi H. 60,8 cm, disponibile nelle seguenti tipologie: Brick vasca, Brick piano cottura, Brick vasca + piano.

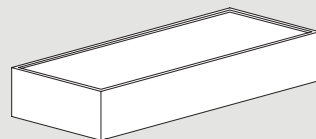

Valdesign presents Brick. The new system of tops stacked on base units measuring H. 60.8 cm comes in the following types: Sink Brick, Hob Brick, Sink + Hob Brick.

1 BRICK VASCA + PIANO COTTURA /
SINK + HOB BRICK

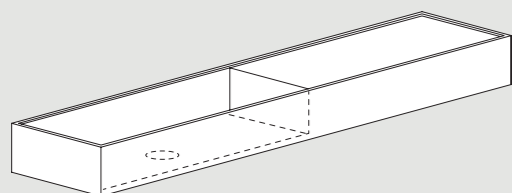

2 BRICK NEUTRO / PLAIN BRICK

Brick vasca / Sink Brick

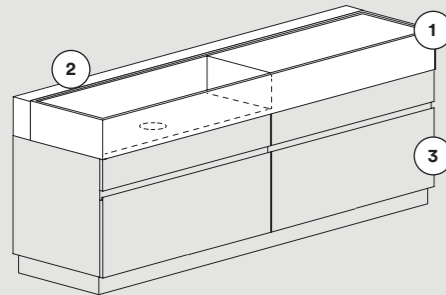

Brick piano cottura / Hob Brick

Brick vasca + piano cottura / Sink + Hob Brick

IT ESEMPI DI COMPOSIZIONI BRICK

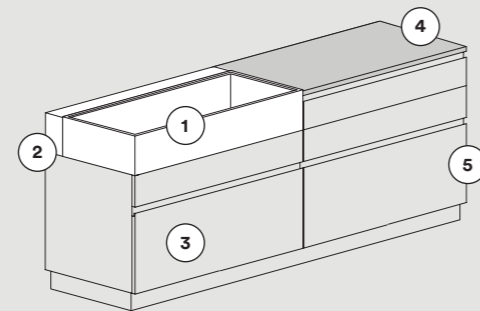

Gli elementi Brick hanno altezza di 23,3 cm (Laminam) e di 24,3 cm (Marmo, Granito) e vanno posizionati sopra a basi specifiche di altezza 60,8 cm con un cassetto e un cestone. / Brick modules measure H. 23.3 cm (Laminam) and 24.3 cm (Marble, Granite) and are stacked on specific base units measuring 60.8 cm with different depth drawers.

EN EXAMPLES OF BRICK COMPOSITIONS

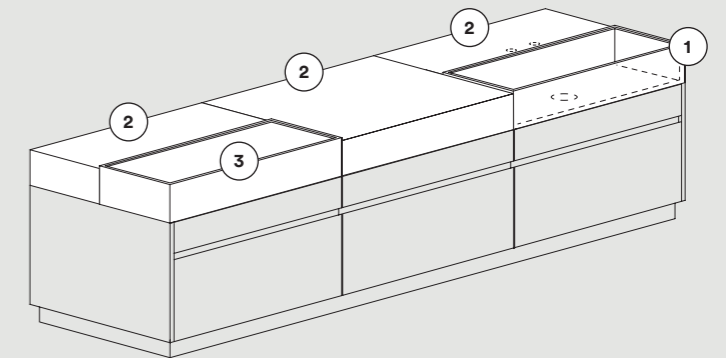

Gli elementi Brick vasca o piano cottura vengono abbinati a Brick "neutri". I Brick neutri fungono da elementi di compensazione in cui possono essere inseriti i fori per miscelatore. Permettono inoltre di creare composizioni isola. / Sink Brick and Hob Brick modules are paired with plain Brick modules. Plain Brick modules act as compensation and can be drilled with a holes for a mixer tap. They can also be used to create an island composition.

IT VALDESIGN È DA SEMPRE ATTENTA ALLA RIDUZIONE DEGLI SPRECHI, AL RICICLO E ALLA REALIZZAZIONE DI PRODOTTI DUREVOLI. UNA LUNGA DURATA EQUIVALE A MENO RIFIUTI E A UN UTILIZZO PIÙ EFFICIENTE DELLE RISORSE. EN VALDESIGN HAS ALWAYS CARED ABOUT REDUCING WASTE, RECYCLING AND BUILDING LONG-LASTING PRODUCTS. LONG-LASTING PRODUCTS MEAN LESS WASTE AND MORE RESOURCE EFFICIENCY.

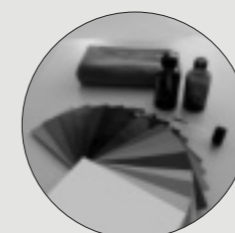

- 1 ALLUMINIO / ALUMINIUM
- 2 VETRO / GLASS
- 3 LAMINAM
- 4 CORIAN
- 5 FENIX

IT LA QUALITÀ DEI NOSTRI PRODOTTI È FRUTTO DI UN LAVORO ATTENTO IN TUTTE LE FASI: DALLA PROGETTAZIONE, ALLA PRODUZIONE E ALLA SELEZIONE DI TUTTI GLI ELEMENTI CHE COMPONGONO LE NOSTRE CUCINE. EN THE QUALITY OF OUR PRODUCTS IS THE RESULT OF CAREFUL WORK AT ALL STAGES OF THE PROCESS, FROM THE DESIGN STAGE TO PRODUCTION, INCLUDING ALL ELEMENTS THAT MAKE UP OUR KITCHENS.

TELAIO ANTA / DOOR FRAME
 Il telaio in alluminio garantisce resistenza, idrorepellenza, indeformabilità all'imbarcamento e assenza di ossidazione. / The aluminium frame is resistant and water-repellent, and it won't bow, deform or tarnish.

LACCATURA / LACQUERING
 Il nostro processo di laccatura prevede la spazzolatura nel caso della finitura lucida in tutte le superfici a vista. / Our lacquering process includes brushing to achieve the high-gloss finish for all visible surfaces.

GUIDE / RUNNERS
 I nostri cassetti sono forniti di guide in acciaio con portata collaudata di 40 kg alla coppia per profondità fino a 50 cm e 70 kg alla coppia per profondità 60 cm e movimenti garantiti per 80.000 cicli di apertura e chiusura. / Drawers are supplied with steel runners, which are tested to support a load of 40 kg per pair for depths up to 50 cm, and 70 kg per pair for depths of 60 cm. Movement guaranteed for 80,000 opening and closing cycles.

FERRAMENTA / HARDWARE
 Ogni mobile è fornito di ferramenta per garantire l'affidabilità nel tempo quali cerniere ad innesto rapido con ammortizzatore di chiusura per le ante e guide con chiusura assistita per cassetti e cestoni. / Each unit comes with fixtures and fittings to ensure long-lasting reliability. These include snap-in hinges with assisted closing for the doors and soft-close runners for the drawers.

SCOCHE / BODIES
 Le nostre scocche sono idrorepellenti IDROLEB. / The unit bodies are water-repellent (IDROLEB).

SCOCHE / BODIES
 Le nostre scocche sono a bassa emissione di formaldeide secondo normative EPA e CARB. / Our unit bodies have low formaldehyde emissions according to the EPA and CARB regulations.

ALF UNO s.p.a. si riserva di apportare in qualsiasi momento modifiche a prodotti, misure e materiali, che ritenesse utili per esigenze di carattere produttivo e commerciale. Per essere sempre aggiornati vi invitiamo a consultare il nostro sito internet www.valdesigncucine.it

LE FINITURE

I materiali utilizzati dalla nostra azienda sono selezionati tra i più affidabili per applicazione e resa estetica. Nonostante questo devono considerarsi tollerabili alcune differenze dovute alle caratteristiche stesse di materiali come essenze naturali, vetri, laccature e all'artigianalità di alcune fasi del processo produttivo che da sempre è un nostro valore aggiunto. Inoltre alcune finiture possono subire nel tempo maturazioni dovute all'azione della luce e del tempo. È importante quindi specificare se nell'ordine vi sono sostituzioni o completamenti per valutare insieme il miglior modo di procedere. Le tonalità di colore e le finiture illustrate vanno considerate puramente indicative. Verificare sempre la fattibilità dell'abbinamento finiture consultando l'interno del listino.

ALF UNO s.p.a. reserves the right to make any changes to products, measurements and materials at any time deemed useful for manufacturing and sales purposes. To stay up to date at all times, please visit our website www.valdesigncucine.it

FINISHES

The materials we use are selected among the most reliable products in terms of application and aesthetic rendering. Despite this, certain differences due to the very characteristics of materials such as natural wood finishes, glass and lacquers must be considered tolerable, as well as the hand-crafted nature of certain phases of the production process, which has always been one of our added values. In addition, some finishes may change over time, due to the effects of light and time. It is therefore important to specify whether there are replacements or completions in the order to assess the best way to proceed together. The finishes featured in this sample collection are purely indicative and are not available for all products. Please check in the price list if the finish is available for the chosen item. Orders will not be accepted for products with finishes not included in the price list. The colour shades and finishes illustrated herein are to be considered purely indicative. Always check the feasibility of finish combinations by consulting the price list contents.

Valdesign is constantly improving and updating its products, fitting them with the latest hi-tech mechanisms and features.

→ **IT**

01 / NUOVA MODULARITÀ

La modularità delle nostre cucine è stata ottimizzata e ampliata in base alle rinnovate esigenze del mercato, come l'aggiunta delle colonne H 216 cm e dei pensili H 78 cm. Oggi l'offerta è di 397 basi, 686 pensili e 432 colonne.

02 / NUOVI MECCANISMI

Per le ante con apertura vasistas di grandi dimensioni utilizziamo nuovi meccanismi più compatti rispetto al passato, dotati di cover in tinta scocca.

03 / SCOCHE PIÙ ROBUSTE E CONTENITORI INTERNI PIÙ CAPIENTI

Le nostre scocche oggi sono più robuste grazie alla schiena di spessore maggiorato: 6,5 mm in luogo dei 3,5 mm precedenti, inoltre nelle basi Profondità 57,5 i cassetti e cesti interni hanno maggiore capienza grazie ad una profondità di 50 cm in luogo dei 45 cm precedenti.

04 / NUOVE SPONDE CASSETTO

Il programma Logica propone la nuova sponda cassetto NOVA PRO SCALA, con le seguenti caratteristiche tecniche:

- Estrazione totale, Carico complessivo sopportato 40 / 70 kg
- Durata 60.000 cicli, Design funzionale ed ergonomico
- Elevato comfort d'utilizzo grazie all'ammortizzazione integrata
- Silenziosità di funzionamento
- Facilità di montaggio
- Due finiture disponibili: Antracite o Nero
- Frontale in alluminio sp. 8 mm per cassetti o cesti interni
- Maggiore capienza per cassetto con frontale H 24 cm (10 cm di altezza in più rispetto al precedente).

01

02

→ **EN**

01 / NEW MODULAR UNITS

Our modular kitchen compositions have been extended and optimised to meet new market needs. For example, tall units measuring H. 216 cm and wall units measuring H. 78 cm have been added. Today, we offer 397 base units, 686 wall units and 432 tall units.

02 / NEW MECHANISMS

For large doors with a tilt opening, we use new, more compact mechanisms fitted with a cover that matches the body colour.

03 / MORE ROBUST BODIES AND MORE SPACIOUS INTERNAL STORAGE UNITS

Our unit bodies are now more robust, thanks to a thicker back panel measuring 6.5 mm instead of 3.5 mm. In addition, the base units measuring 57.5 in depth have more spacious internal drawers and large drawers, measuring 50 cm in depth instead of 45 cm.

04 / NEW DRAWER SIDEBOARDS

The Logica range includes a new drawer sideboard NOVA PRO SCALA, which has the following technical characteristics:

- Full pull-out, Overall supported load 40 kg / 70 kg
- 60,000 cycles, Functional, ergonomic design
- Ultra-smooth motion thanks to the soft-close mechanism
- Silent - Easy to fit
- Available in two finishes: Antracite and Nero
- Aluminium front, 8 mm thk, for internal drawers or large drawers
- Greater capacity for drawers with front H. 24 cm (10 cm taller than previous models).

03

04

→ IT

05 / MAGGIORE ATTENZIONE ANCHE AI DETTAGLI MENO VISIBILI

Catene scocca in MDF o in ferro verniciate nere anziché argento o finitura acciaio.

Anche i reggiripiani sono completamente nuovi, in tinta scocca per i ripiani legno e in acciaio per quelli vetro.

Senza rinunciare alla funzione, i nostri paracolpi oggi sono più piccoli e "discreti", un altro esempio di attenzione al dettaglio.

06 / NUOVE ATTACCAGLIE A SCOMPARSA

Oggi tutti i nostri pensili sono dotati di attaccaglie "a scomparsa". Una volta aperto il pensile si noterà solo un elegante tappo di chiusura in luogo dell'antiestetico meccanismo a vista.

07 / NUOVO TELAIO PER FRONTALE LAVASTOVIGLIE

Per un perfetto effetto estetico in presenza di affiancamento basi gola con cestoni l'anta lavastoviglie può avere la gola nella stessa posizione.

08 / COLONNE CON ANTE RIENTRANTI

Per colonne con ante rientranti è stata aumentata l'altezza scocca a 210 cm in luogo dei precedenti 204 cm. Nella mini-cucina sono stati aggiunti i top e schienali in Unicolor, Fenix o Corian con vasche integrate nello stesso materiale, inoltre i frontali interni hanno spessore di 2,2 cm e finitura come frontale (prima erano disponibili solo in finitura scocca) Per le ante è stata aggiunta la maniglia P42.

05

06

→ EN

05 / GREATER ATTENTION TO HIDDEN DETAILS

MDF unit body chains either in black painted iron, as opposed to silver, or in a steel finish.

The shelf brackets are also brand new. For wooden shelves, they match the unit body. For glass shelves, they come in steel.

Without compromising on function, our buffer pads are now smaller and more discrete – just another example of our attention to detail.

06 / NEW CONCEALED FASTENERS

Today, all of our wall units come with concealed fasteners. With the wall unit open, all you can see is an elegant cap, instead of the ugly fixture on show.

07 / NEW FRAME FOR DISHWASHER FRONT

For a perfectly polished look alongside base units with a groove and extra-large drawers, the dishwasher door features a groove in the same position.

08 / TALL UNITS WITH RETRACTABLE DOORS

For tall units with retractable doors, the unit body height has been increased from 204 cm to 210 cm. The kitchenettes now feature worktops and backs in Unicolor, Fenix or Corian, with built-in sinks in the same material. The internal fronts are 2.2 cm thick and finished to match the front (previously they were only available in the same finish as the unit body). A P42 handle has been added to the doors.

07

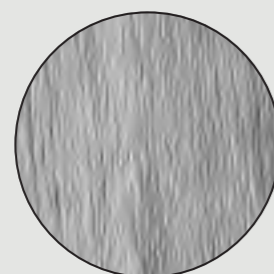

08

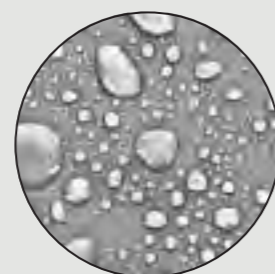

→ **IT / LACCATURA**
Il nostro processo di laccatura prevede la spazzolatura nel caso della finitura lucida in tutte le superfici a vista.

→ **EN / LACQUERING**
Our lacquering process includes brushing for glossy finishes on all visible surfaces.

→ **IT / CICLO DI VERNICIATURA**
Le finiture Fashion wood e Rovere laccato sono realizzate con ciclo di verniciatura all'acqua.

→ **EN / PAINTING**
The Fashion Wood and lacquered oak finishes are created using water-based paint.

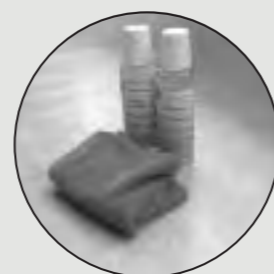

→ **IT / SCOCHE**
Le nostre scocche sono idrorepellenti.

ALF UNO s.p.a. si riserva di apportare in qualsiasi momento modifiche a prodotti, misure e materiali, che ritenesse utili per esigenze di carattere produttivo e commerciale. Per essere sempre aggiornati vi invitiamo a consultare il nostro sito internet www.valdesigncucine.it

LE FINITURE

I materiali utilizzati dalla nostra azienda sono selezionati tra i più affidabili per applicazione e resa estetica. Nonostante questo devono considerarsi tollerabili alcune differenze dovute alle caratteristiche stesse di materiali come essenze naturali, vetri, laccature e all'artigianalità di alcune fasi del processo produttivo che da sempre è un nostro valore aggiunto. Inoltre alcune finiture possono subire nel tempo maturazioni dovute all'azione della luce e del tempo. È importante quindi specificare se nell'ordine vi sono sostituzioni o completamenti per valutare insieme il miglior modo di procedere. Le tonalità di colore e le finiture illustrate vanno considerate puramente indicative. Verificare sempre la fattibilità dell'abbinamento finiture consultando l'interno del listino.

ALF UNO s.p.a. reserves the right to make any changes to products, measurements and materials at any time deemed useful for manufacturing and sales purposes. To stay up to date at all times, please visit our website www.valdesigncucine.it

FINISHES

The materials we use are selected among the most reliable products in terms of application and aesthetic rendering. Despite this, certain differences due to the very characteristics of materials such as natural wood finishes, glass and lacquers must be considered tolerable, as well as the hand-crafted nature of certain phases of the production process, which has always been one of our added values. In addition, some finishes may change over time, due to the effects of light and time. It is therefore important to specify whether there are replacements or completions in the order to assess the best way to proceed together. The finishes featured in this sample collection are purely indicative and are not available for all products. Please check in the price list if the finish is available for the chosen item. Orders will not be accepted for products with finishes not included in the price list. The colour shades and finishes illustrated herein are to be considered purely indicative. Always check the feasibility of finish combinations by consulting the price list contents.

MAGGIORANA

MAGGIORANA

Valdesign[®]
cucine

Cucina della memoria, ricca di ispirazioni naturali, Maggiorana rielabora con l'essenzialità del design moderno il ricordo della campagna veneta. L'olmo, l'albero di ogni cortile, dà vita ad un'anta ritmata ispirata agli steccati d'un tempo, riportando il calore del focolare nella casa contemporanea.

Maggiorana is a keeper of memories, richly inspired by the natural surroundings of the Veneto countryside which reappear in its slick, modern design. Elm trees were a staple of every family's courtyard; here, the wood has been used to create a door design that adds rhythm. Inspired by old-fashioned picket fences, it brings the warm feel of a cosy fire into the contemporary home.

M/01

La composizione Maggiorana M/01 ha una conformazione ad isola con colonne e nicchia dotate di cantinetta e vano contenitivo. Il minimalismo sofisticato si unisce alla funzionalità in uno spazio dove ogni dettaglio è studiato per interpretare al meglio le esigenze di chi lo vive. L'introduzione della nuova anta da 45 permette di creare una ritmica stilistica che esprime libertà progettuale ed eleganza architettonica.

Maggiorana M/01 is structured with an island, featuring tall units and niches fitted a wine rack and storage compartment. Functionality meets sophisticated minimalism, creating a space in which every detail has been designed to best interpret the needs of those who use it. The addition of the new 45 mm door means you can create a stylish sense of rhythm; it leaves you free to design your space and makes for architectural elegance.

M/02

Maggiorana M/02 è una composizione lineare a parete con basi e pensili che si arricchisce di una nuova particolarità grazie al modulo con anta in vetro disponibile anche per la base e boiserie a parete dotata di mensole in metallo. Uno spazio dove il design contemporaneo incontra il calore e la solidità dell'olmo naturale.

Maggiorana M/02 is a linear wall composition with base and tall units featuring a new module with a glass door, and boiserie wall panelling with metal shelves. Contemporary design meets the warm, reassuring feel of natural elm in this space.

M/03

Una composizione a due isole e colonna doppia con dispensa scaffale a parete. Questa è la composizione Maggiorana M/03, espressione massima di un design moderno e funzionale, per un vero e proprio laboratorio di sapori e saperi contemporaneo. Uno spazio in cui libertà progettuale e armonia di vivere si fondono assieme.

With two islands, the composition offers double tall units with wall-mounted pantry shelving. Maggiorana M/03 is the ultimate expression of modern, functional design. It creates a laboratory for exploring contemporary flavours and flairs. Be free to create and live harmoniously, all in one space.

M/04

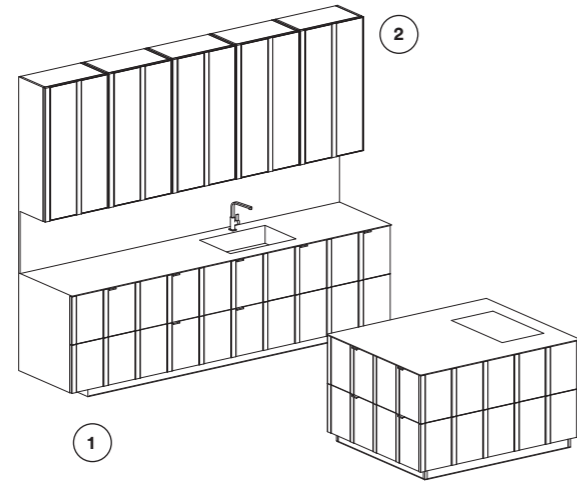

Nella composizione Maggiorana M/04 con basi e pensili lineari in vetro, il motivo verticale si ripete nelle sue parti alternando la modernità dell'anta laccata opaca e setosa al tatto con la trasparenza ed eleganza dell'anta in vetro. Uno spazio ricercato dove gli ingredienti, i materiali, trovano libertà di interpretazione per ogni ricetta stilistica e progettuale.

The Maggiorana M/04 composition has a linear look created by glass base and wall units, with a vertical motif that is carried across the design. The visual effect is an alternation between modern, matt lacquered doors with a silky touch and elegant, see-through glass doors. Ingredients and materials can be freely interpreted for every style and design recipe in this refined space.

M/05

Maggiorana è molto più di un concetto: è uno spazio dove i prodotti della terra diventano cibo per la vita. La composizione Maggiorana M/05 con conformazione ad isola e colonne dotate di sistema Ante Rientranti coniuga la funzionalità di questo modulo con l'essenzialità del design moderno, mentre i materiali come l'olmo e la pietra esprimono nell'ambiente il calore domestico tipico della cultura contadina di un tempo.

Maggiorana is much more than just a concept; it's a space in which the earth's fruits become food for life. Maggiorana M/05 is an island composition, fitted with practical pocket-door tall units and boasting a sleek, modern design. Materials like elm wood and stone bring a familiar warmth typical of old-fashioned country living to the space.

Abaco della qualità

Ergonomia

L'ergonomia è un concetto guida per Valdesign e si realizza attraverso moduli appositamente studiati e la combinazione degli stessi. Moduli per una progettazione sartoriale dove l'individuo e le sue esigenze sono poste al centro.

ERGONOMICS

Ergonomics is key at Valdesign: units are always carefully planned out and combined together with this concept in mind. Together they create a tailored design, where individual needs are front and centre.

Funzionalità e affidabilità

L'attenzione e cura nei dettagli sono linee guida in ogni parte delle cucine Valdesign. Tutti i cassetti sono forniti di guide in acciaio con una portata collaudata di 40 kg alla coppia per profondità fino a 50 cm e 70 kg alla coppia per profondità 60 cm e movimenti garantiti per 80.000 cicli di apertura e chiusura. Ogni mobile è dotato di ferramenta dei più elevati standard quali cerniere ad innesto rapido con ammortizzatore di chiusura per le ante e guide con chiusura assistita per cassetti e cestoni. Tutto volto a garantire l'affidabilità nel tempo.

FUNCTIONALITY AND AESTHETICS
Care and attention to detail permeate every aspect of Valdesign kitchens. All drawers are supplied with steel runners which are tested to support a load of 40 kg per pair for depths up to 50 cm, and 70 kg per pair for depths of 60 cm. Movement guaranteed for 80,000 opening and closing cycles. Each unit comes with high-quality fixtures and fittings. These include snap-in hinges with assisted closing for the doors and soft-close runners for the drawers. The overarching aim is to ensure our products are reliable over time.

Laccatura e verniciature

Il nostro processo di laccatura prevede la spazzolatura nel caso della finitura lucida in tutte le superfici a vista. Le finiture Fashion wood e Rovere laccato sono realizzate con ciclo di verniciatura all'acqua.

LACQUERING AND PAINTING

Our lacquering process includes brushing to achieve the high-gloss finish for all visible surfaces. The Fashion Wood and lacquered oak finishes are created using water-based paint.

Manutenzione

La durabilità di una cucina si ha attraverso la cura e manutenzione dei suoi elementi. Per questo Valdesign fornisce un set di prodotti per la manutenzione e pulizia volto a preservare ed esaltare le qualità e peculiarità estetiche dei materiali.

MAINTENANCE

Kitchens need to be cared for and maintained to ensure they last. Valdesign provides a maintenance and cleaning kit to protect and enhance the unique look and characteristics of the materials.

Scocche

Tutti i pannelli che utilizziamo per le nostre cucine sono EPA CARB. Tutte le nostre scocche sono idrorepellenti (IDROLEB).

CARCASSES

All the panels we use for our kitchens are EPA CARB certified. All unit carcasses are water-repellent (IDROLEB).

ALF UNO s.p.a. si riserva di apportare in qualsiasi momento modifiche a prodotti, misure e materiali, che ritenesse utili per esigenze di carattere produttivo e commerciale. Per essere sempre aggiornati vi invitiamo a consultare il nostro sito internet **www.valdesigncucine.it**

LE FINITURE

I materiali utilizzati dalla nostra azienda sono selezionati tra i più affidabili per applicazione e resa estetica. Nonostante questo devono considerarsi tollerabili alcune differenze dovute alle caratteristiche stesse di materiali come essenze naturali, vetri, laccature e all'artigianalità di alcune fasi del processo produttivo che da sempre è un nostro valore aggiunto. Inoltre alcune finiture possono subire nel tempo maturazioni dovute all'azione della luce e del tempo. È importante quindi specificare se nell'ordine vi sono sostituzioni o completamenti per valutare insieme il miglior modo di procedere. Le tonalità di colore e le finiture illustrate vanno considerate puramente indicative. Verificare sempre la fattibilità dell'abbinamento finiture consultando l'interno del listino.

ALF UNO s.p.a. reserves the right to make any changes to products, measurements and materials at any time deemed useful for manufacturing and sales purposes. To stay up to date at all times, please visit our website **www.valdesigncucine.it**

FINISHES

The materials we use are selected among the most reliable products in terms of application and aesthetic rendering. Despite this, certain differences due to the very characteristics of materials such as natural wood finishes, glass and lacquers must be considered tolerable, as well as the hand-crafted nature of certain phases of the production process, which has always been one of our added values. In addition, some finishes may change over time, due to the effects of light and time. It is therefore important to specify whether there are replacements or completions in the order to assess the best way to proceed together. The finishes featured in this sample collection are purely indicative and are not available for all products. Please check in the price list if the finish is available for the chosen item. Orders will not be accepted for products with finishes not included in the price list. The colour shades and finishes illustrated herein are to be considered purely indicative. Always check the feasibility of finish combinations by consulting the price list contents.

LA CUCINA NASCOSTA / THE HIDDEN KITCHEN

**LA CUCINA NASCOSTA
/ THE HIDDEN KITCHEN**

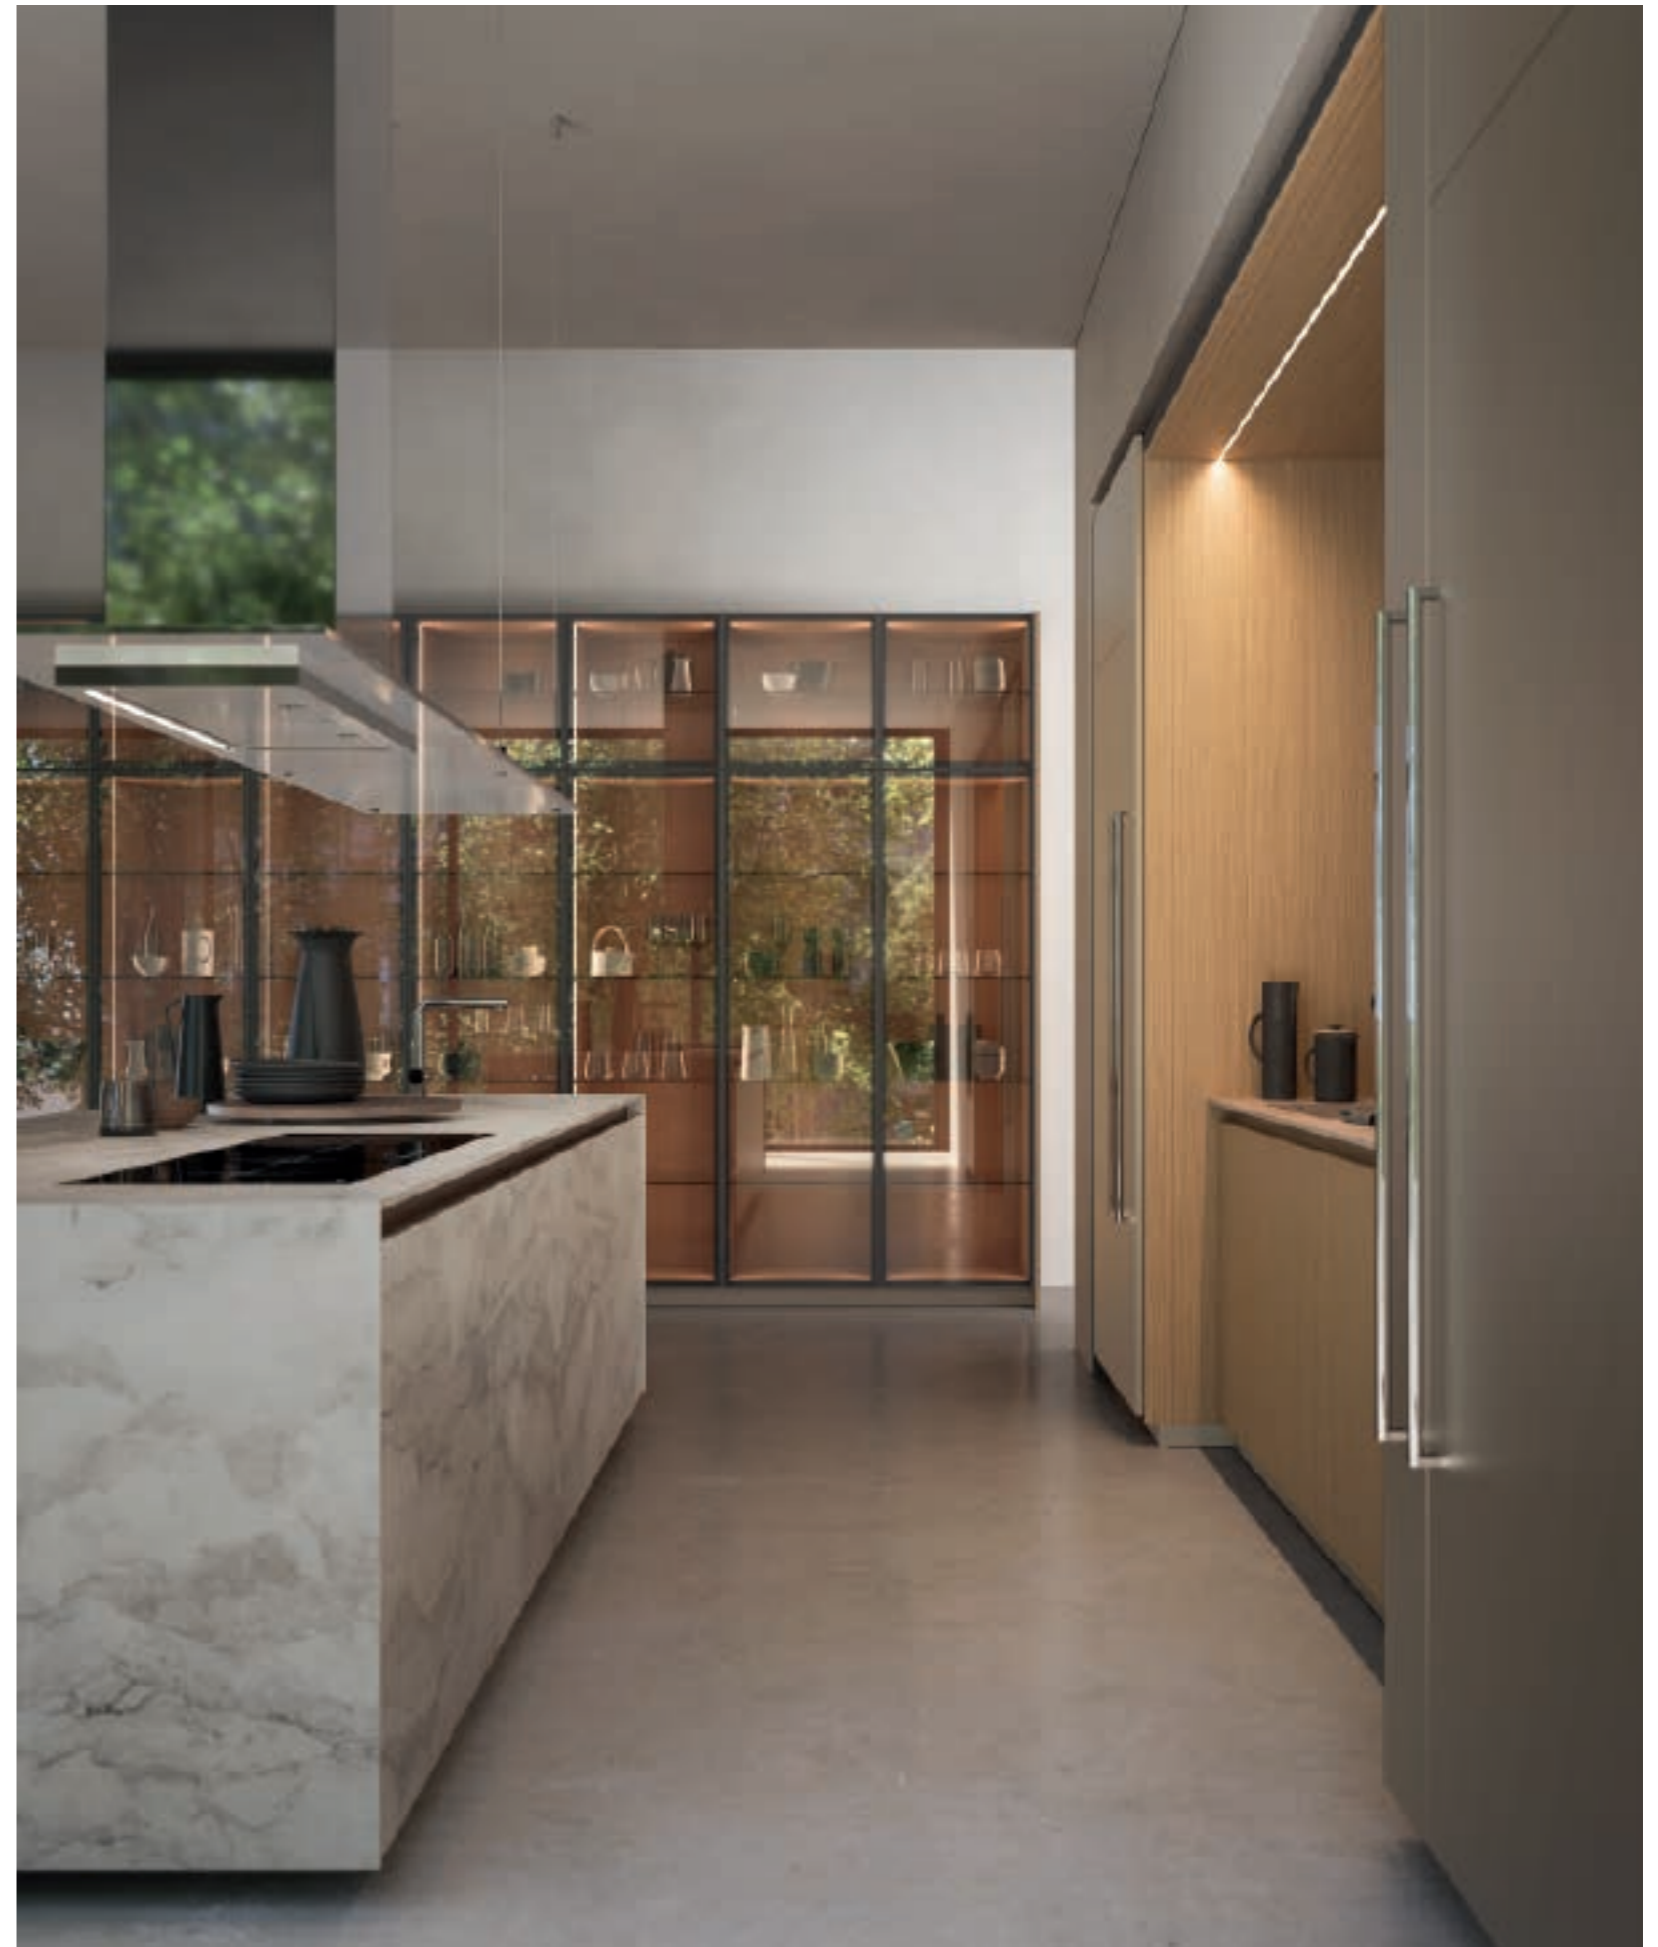

La cucina nascosta

La cucina nascosta si integra negli spazi fino a fondersi con le architetture, combinando modularità e libertà progettuale grazie alle infinite configurazioni di finiture e dettagli. Che sia il minimalismo estetico di *Sesamo*, con l'elegante apertura ad un solo movimento, o la versatilità del sistema *Ante rientranti*, in grado di assolvere molteplici funzioni, la cucina nascosta dà vita a possibilità progettuali sempre diverse, in armonia con l'ambiente circostante.

The hidden kitchen becomes part of the space, merging with the architecture, and combining a modular build with a freedom to create in an infinite array of finishes and details. SESAMO offers aesthetic minimalism, with its elegant single-movement opening, while the POCKET-DOOR mechanism provides versatility, performing many functions: the hidden kitchen allows you to keep changing your interior design to suit the surroundings.

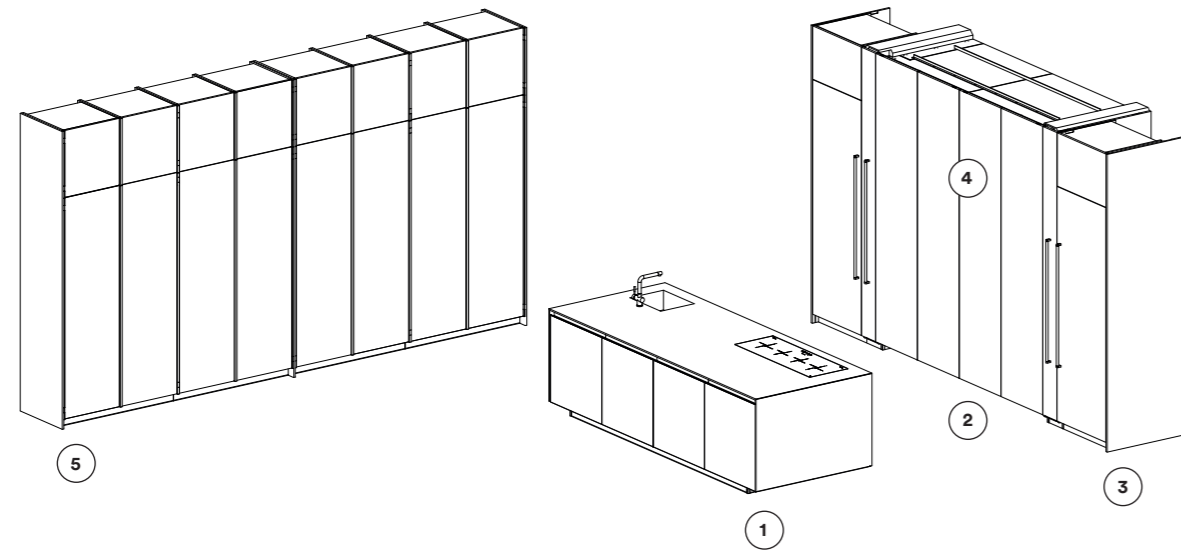

L'anta rientrate ha un movimento di inserimento ed estrazione assistita che permette un fluido scorrimento e al tempo stesso nasconde i moduli funzionali. Nella foto il modulo forno più micro. / The pocket doors have an assisted insertion and extraction motion, meaning they slide smoothly, while concealing practical units behind. Oven and microwave unit shown in the image.

Sesamo

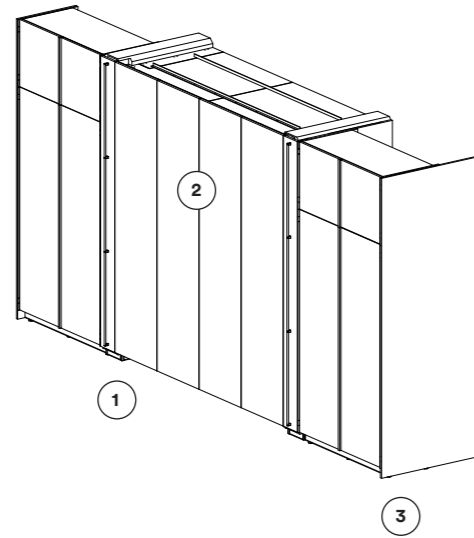

Come una quinta teatrale, con un solo movimento fluido e morbido, Sesamo si apre alla progettualità e al tempo stesso nasconde al suo interno tutte le funzionalità di una cucina completa. La fascia di copertura è un sipario che rende elegante la cucina sia quando è aperta, sia quando è chiusa. Sullo sfondo un palco in cui la libertà di configurazione degli elementi la fa da protagonista, con l'illuminazione a led ad arricchirne l'atmosfera. Un solo movimento che scopre all'interno molto più di una cucina: un nuovo concetto di abitare e vivere lo spazio.

Like the curtains of a theatre stage, Sesamo opens up with one smooth, fluid movement, to new designs. Behind, it hides all the practical features of a fully functional kitchen. The cover panel dresses the kitchen, giving it an elegant look both when open and closed. The freely configurable unit behind takes centre stage, with LED lighting to create atmosphere. One simple movement to part the stage curtains reveals much more than a kitchen: it unveils a new concept of living and a new way of experiencing the space.

Ante rientranti

L'anta rientrante fonde pulizia estetica e modularità. Una colonna a una o due ante attrezzabile liberamente in base alle necessità progettuali. L'anta a scomparsa con movimenti di rientro ammortizzato nasconde al suo interno molteplici configurazioni, dalla cucina alla lavanderia. Moduli affiancabili tra loro per creare un sistema che interpreti al meglio lo spazio e le esigenze di chi lo abita.

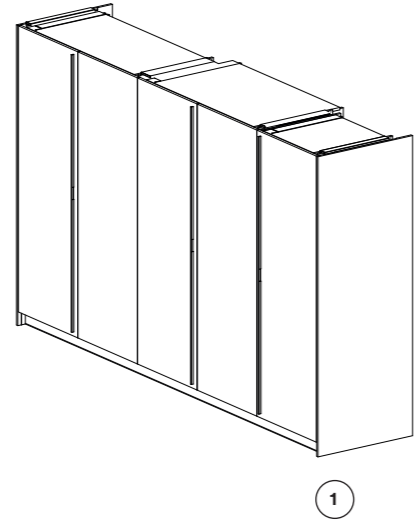

Pocket doors combine sleek aesthetics with a modular design. A tall unit with one or two doors can be equipped to suit your design requirements. The concealed pocket doors with soft close can be used to conceal multiple configurations, from kitchen units to laundry units. These units can be used side by side, to create the perfect composition for your space and needs.

Abaco della qualità

Ergonomia

L'ergonomia è un concetto guida per Valdesign e si realizza attraverso moduli appositamente studiati e la combinazione degli stessi. Moduli per una progettazione sartoriale dove l'individuo e le sue esigenze sono poste al centro.

ERGONOMICS

Ergonomics is key at Valdesign: units are always carefully planned out and combined together with this concept in mind. Together they create a tailored design, where individual needs are front and centre.

Funzionalità e affidabilità

L'attenzione e cura nei dettagli sono linee guida in ogni parte delle cucine Valdesign. Tutti i cassetti sono forniti di guide in acciaio con una portata collaudata di 40 kg alla coppia per profondità fino a 50 cm e 70 kg alla coppia per profondità 60 cm e movimenti garantiti per 80.000 cicli di apertura e chiusura. Ogni mobile è dotato di ferramenta dei più elevati standard quali cerniere ad innesto rapido con ammortizzatore di chiusura per le ante e guide con chiusura assistita per cassetti e cestoni. Tutto volto a garantire l'affidabilità nel tempo.

FUNCTIONALITY AND AESTHETICS
Care and attention to detail permeate every aspect of Valdesign kitchens. All drawers are supplied with steel runners which are tested to support a load of 40 kg per pair for depths up to 50 cm, and 70 kg per pair for depths of 60 cm. Movement guaranteed for 80,000 opening and closing cycles. Each unit comes with high-quality fixtures and fittings. These include snap-in hinges with assisted closing for the doors and soft-close runners for the drawers. The overarching aim is to ensure our products are reliable over time.

Laccatura e verniciature

Il nostro processo di laccatura prevede la spazzolatura nel caso della finitura lucida in tutte le superfici a vista. Le finiture Fashion wood e Rovere laccato sono realizzate con ciclo di verniciatura all'acqua.

LACQUERING AND PAINTING
Our lacquering process includes brushing to achieve the high-gloss finish for all visible surfaces. The Fashion Wood and lacquered oak finishes are created using water-based paint.

Manutenzione

La durabilità di una cucina si ha attraverso la cura e manutenzione dei suoi elementi. Per questo Valdesign fornisce un set di prodotti per la manutenzione e pulizia volto a preservare ed esaltare le qualità e peculiarità estetiche dei materiali.

MAINTENANCE

Kitchens need to be cared for and maintained to ensure they last. Valdesign provides a maintenance and cleaning kit to protect and enhance the unique look and characteristics of the materials.

Scocche

Tutti i pannelli che utilizziamo per le nostre cucine sono EPA CARB. Tutte le nostre scocche sono idrorepellenti (IDROLEB).

CARCASSES

All the panels we use for our kitchens are EPA CARB certified. All unit bodies are water-repellent (IDROLEB).
